

OPPORTUNITY FOR BADMINTON PLAY IN THE 17TH DISTRICT OF BUDAPEST

The **Blue Falcons Badminton Sports Club** continues to hold badminton court training sessions at the Békésy György Vocational School

Address: 1174 Budapest, Békésy György tér 1. Access from Gyökér utca.

We welcome applications from beginners and advanced players, both children and adults. All of our practices and activities take place in the Békésy gymnasium. The gym's floor is made of sports parquet, which, due to its flexibility, is especially gentle on the joints. We have 4 marked double courts at our disposal. Players are organized into 3 groups.

The **Hobby Group** is for children who want to get acquainted with the rules and basics of badminton. The first trial session is free.

The **Falcon Group** is for those children who have already taken a liking to this sport and want to achieve progress with our assistance, both technically, physically, and mentally. They enjoy playing matches and may consider competing in the future. Falcon Group members will be registered, but participation in competitions is not mandatory.

The **Adult Group** also holds its sessions on Tuesdays and Thursdays. Adult players come here who are beginners but mostly play at an advanced level come here. We help beginners to learn the basic forms of movement and the rules. We pair up players according to their skill levels as much as possible. Pass holders and regular members have priority during participation.
